

Welcome to Year 6

			
<p>Mrs Bradley</p> <p>Outside of the classroom, I love spending time with my family going on new adventures - big or small! I love spending time exploring London and all the different museums and galleries on offer. My hobbies include reading, painting and drawing which I find an excellent way of unwinding- plus my children love joining in too. They are not so keen on tidying up afterwards! I have taught for many years, but prior to teaching, I worked in the city for a private bank, then for the V&A as an education activity assistant which led me into teacher training.</p>	<p>Miss Hill</p> <p>Outside of school, I'm passionate about staying active! I love hitting the gym and going for runs. Recently, I challenged myself by completing a half marathon and taking part in a Hyrox event.</p> <p>When I'm not exercising, I love going on holiday. My absolute favourite trip has been visiting my brother in Australia - it's always an incredible adventure!</p> <p>In the classroom, English is the subject that really gets me excited, especially when it comes to teaching reading.</p>	<p>Mr Aldridge</p> <p>Before teaching I was fortunate enough to travel to lots of exciting places, such as: China, USA, Japan, Germany, Singapore, Spain, Netherlands, France and Taiwan.</p> <p>I used to teach tennis and have been able to play on the famous Wimbledon grass courts (not in the actual tournament though)! I love all sorts of sports but my favourites are football, rugby union, tennis and cricket.</p> <p>Outside of school, I love spending time with my family.</p>	<p>Mrs Marchant</p> <p>Outside of school, I like to keep fit and enjoy running. I am a member of a running club and over the years, have competed in a couple of half marathons. My goal is to one day complete a marathon! I also enjoy swimming and reading, and of course spending time with my family. I am married and have two teenage sons and a dog called Waffle.</p> <p>Before having children, I travelled a lot and spent time living in both Spain and Australia. I loved living abroad and would like to travel more in the future. I haven't always been a teacher, but have always worked with children and young people.</p>

Welcome to Year 6!

We're really looking forward to welcoming you in September and are excited about the year ahead. We'll be starting with our World Wars topic, which includes a visit to the Rural Life Museum. As part of this, we'll be reading a book called 'Letters from the Lighthouse'. If you can get a copy over the summer, it would be very helpful for our September start.

As we mentioned before, we'll be giving out new leadership roles in the coming year. We're keen to work with each of you as you take on these important responsibilities.

We hope you have a good rest during the holiday. We've included some wellbeing activities you might like to try if you want to.

We're looking forward to seeing you in September for what we think will be an interesting and rewarding year.
